Forecast For Wales
Issued by Met Office Exeter
at 1600 on Thursday 18 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Becoming cloudy overnight for a murky start to Friday.

This Evening and Tonight:
Staying largely dry this evening and overnight. Turning cloudier from the east through the small hours with, perhaps, some patchy drizzle developing over eastern hills by dawn. Breezy along western coasts. Minimum temperature 4 deg C (39 deg F).

Friday:
A cloudy morning with patchy drizzle over eastern hills. Remaining cloudy into the afternoon with a few light showers possible, but staying dry for most. Breezy and cooler than recently. Maximum temperature 12 deg C (54 deg F).

Outlook for Saturday to Monday:
Generally cloudy through the period, with occasional brighter spells. Staying largely dry, but with the odd spell of light rain or drizzle possible. Light winds but turning breezy on Monday.
